When we got to Best Western Sterling Inn I was so excited! We went to the registration counter and checked in. The man said, "Your room is not clean yet." My dad asked, "Can we go see the waterpark?" The man said, "Yes".

We walked down the hall. We went into the waterpark. It was huge! There was a huge water slide. It looked like this.

Then we went to the car and got our bathing suits, and we went to the waterpark again and got into our bathing suits and went in the pool. It was **cold!** But I went in anyway.

They had two hot tubs, two pools, a lazy river, a whirlpool and a water slide. I went in the whirlpool and couldn't get out. A lifeguard had to pick me up to get me out.

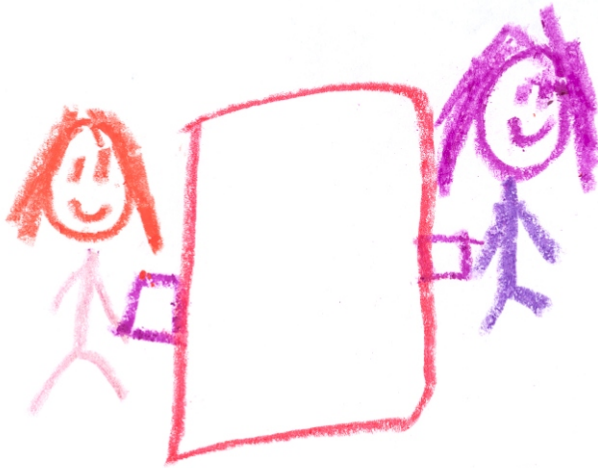

Then we went to the arcade and won tickets. I won 40 tickets and bought cotton candy.

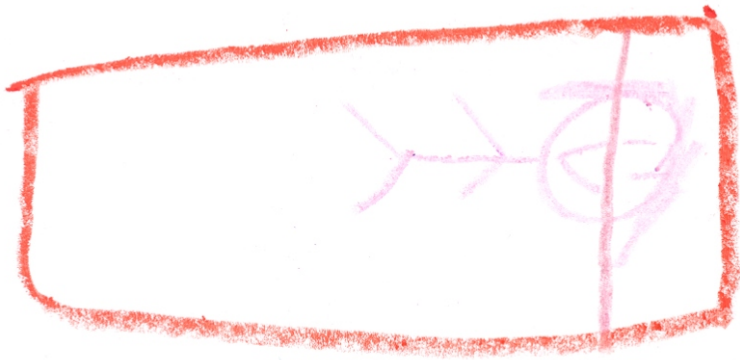

Then we went to our room. We ate lunch.  
Our room number was 596. We were on the  
last floor.

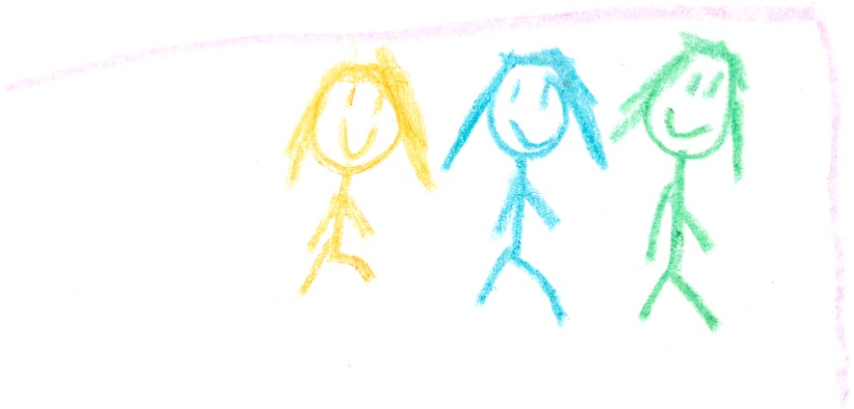

We used the elevator a lot. After lunch, we went to the waterpark. After we went to the waterpark, we went to the arcade until dinnertime. A girl gave us 182 tickets. Me and my mom got room service. My sister and my dad went to the restaurant by the entrance.

After dinner Allison and my mom went to the waterpark. Allison won 34 more tickets. I fell asleep before they got back. I only slept for 3 hours until I woke up. It was about 5:00. I was thirsty. I didn't want to wake anyone up so I didn't get up.

The next morning was Monday morning. We got dressed in our bathing suits and went to the waterpark for one hour for a last swim. That day I went down the water slide 5 times. Then we checked out.

We went home. Best Western Sterling Inn was the best hotel I ever went to.

The End
